Montgomery County Council **VOTED UNANIMOUSLY** to add gender-identity to the current Non-Discrimination Law.

Males who **feel** like they are females now have open access to ALL women's and girls' public showers, locker rooms, dressing rooms and bathrooms. Females who **feel** they are males by law are able to use the male showers, locker rooms, and restrooms.

People deserve to feel safe  
and have privacy when  
using public showers,  
locker rooms, dressing  
rooms, and bathrooms!
