Crackpot President Declares June to be "National LGBT Pride Month"

From the **Catholic News Agency**:

"President Obama declares June 'LGBT Pride Month'"

"Washington D.C., Jun 2, 2009 / 05:28 pm (CNA).- In a Monday proclamation, President Barack Obama declared June 2009 to be Lesbian, Gay, Bisexual and Transgender (LGBT) Pride Month, outlining his plan to advance homosexual political concerns."

We know all about LGBT Pride in San Francisco. Can one imagine this expression of "pride" at the St. Patrick's Day Parade, or on Martin Luther King Day, or at the Chinese New Year's parade, or on Columbus Day?

The picture is from San Francisco's 2008 "Pride" parade, censored for this website. Sorry if anyone is offended. These men are in the very center of the city--the corner of First and Market Street--that's the "LGBT Pride" President Obama is talking about.

At the same parade, San Francisco firefighter Sabine Balden participated. She was quoted in the San Francisco Chronicle *"I'm perfectly happy to be riding topless in the parade. That's what gay pride is all about."*

It's not harmless. Some other things that ought to be mentioned:

According to the San Francisco Department of Public Health's HIV/AIDS Annual Epidemiology Report for the year 2006, there were more than *19 times* as many cases of syphilis among men having "sex" with men as there were among the entire rest of the city's population combined. *And that's from a group that is only 8.3% of the city's population.*

Or this: According to the San Francisco Department of Public Health's HIV/AIDS Annual Epidemiology Report for the year 2006, since the beginning of the AIDS epidemic, through December 31, 2006, 18,232 San Franciscans with AIDS have died. Of those, 16,538 (nearly *91%*) were men who engaged in "sex" with other men.

Or this: in San Francisco the tolerance of the celebration of homosexuality, in the name of "equality," has so corrupted the city that in 2008 "Leather Pride" flags were flown on city flagpoles and street lamps.

"Leather Pride" flags are the **emblem** of those who define themselves by their "leather" (that is sado-masochistic) sexuality. Will we one day see the proclamation of a "*National Leather Pride*" month? And if not, why not?
