

## PUBLIC NOTICE

The MONTGOMERY COUNTY COUNCIL  
is set to pass a LAW which will allow

# MALE USE of FEMALE RESTROOMS, SHOWERS & DRESSING ROOMS

**YES, it's true.** Males who self identify themselves as females will have open access to women's and girls' restrooms, locker rooms and showers if the Montgomery County Council doesn't hear from you **BEFORE** November. 13th

**"That's nuts,"** you say. Not to our Council, which is poised to pass the Non-discrimination, Gender Identity Bill (Bill 23-07) into law on November 13th. Bill 23-07 describes "gender identity [as meaning] an individual's actual or perceived gender..."

**You can stop this!** The vote on this bill is November 13th. Urge the Montgomery County Council to **exclude entry into female restrooms, showers and dressing rooms by male transgenders and vice versa.** The American Psychiatric Association recognizes Gender Identity Disorder as a mental illness.

CALL THE MONTGOMERY COUNTY COUNCIL  
BEFORE NOVEMBER 13th

are given to the entire Council. Pres. Praisner's # 240-777-7968

Bill 23-07 adds "public accommodation" including restrooms, shower areas, locker rooms and dressing rooms in schools, health clubs, public swimming pools, clothing stores and other such public areas. *For example, the bill would allow a male teacher or a male student to use schools' female restrooms if he thinks he is female.* The same applies to public places like McDonalds, ChuckyCheese, Target etc.

When the mother of a 10-year-old girl who swims at the Germantown Indoor Pool, asked a Council member if under this law her daughter could be changing in the women's dressing room right next to a person with male genitals, the official responded: "I cannot absolutely put to rest your concern that girls might find themselves in a locker room or dressing room in the presence of a person who expresses or asserts herself as a woman but who still has male genitals..." This Is Unacceptable! Help Stop This!
